

Receive appointment reminders by text message

Novant Health is pleased to announce patients are now able to receive appointment reminders as a text message.

It's easy to sign up for text message appointment reminders!

If you would like to receive an appointment reminder by text message instead of a phone call, please give your mobile phone number to a front desk team member. Next, you will simply need to text "Novant" to 622622 to sign up.

Please note that message and data rates may apply. Text "HELP" to 622622 to receive help or text "STOP" to 622622 to opt-out. Visit txt.tvox.com for more information.
