

# MyChart puts you in charge of your health

Your health is important to you around the clock – not just during office hours. That’s why Novant Health offers MyChart, empowering you to connect to your health – at home, on the road or at work. Simple and convenient, MyChart is a free online tool that allows you to remotely and securely:

- **Review personalized health information** – Instantly access your medications, immunizations, allergies and medical history.
- **E-mail and send photos to your care team** – Communicating with your physician’s office is as easy as sending an e-mail – but with built-in protections for your sensitive information.
- **Request prescription renewals** – MyChart makes it easier than ever to refill your medications with a few simple clicks.
- **Manage your appointments online** – Schedule or cancel a clinic visit and view details of your past and upcoming appointments online.

## MyChart app now available

Upload the **MyChart app** on your iPhone or Android mobile device! Access your lab results, appointment information, current medications, immunization history and more – all from the convenience of your phone. Once you have activated your MyChart account, you can upload the app by searching for “MyChart” in the App Store or Market on your mobile device. Don’t forget to select “Novant Health” before proceeding to log in!

- **View laboratory test results** – MyChart allows you to receive test results online – no waiting for a phone call or letter.
- **Access your family’s records** – Link your family’s accounts to yours for convenient access to appointments, immunization records, growth charts and more.
- **Learn about your health** – Review reliable information on health education topics and instructions provided by your physician.
